Summary

Simple to print with no supports needed. Three types.

[Hobby & Makers](#) > [Mechanical Parts](#)

Tags: [luggage](#) [suitcase](#) [samsonite](#) [clamshell](#) [suitcasewheel](#)

Print flat side down. Use the printed washer on the flat side when mounting. A bit of grease on the axle is probably a good thing.

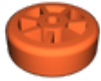

Original wheel also shown in the pictures.

Example print in PETG.
