Summary

Soft Jaws for Wilton Tools 450P Vise

[Hobby & Makers](#) > [Tools](#)

Tags: [vice](#) [vicesoftjaws](#) [wilton](#)

Remix of soft jaws that were designed for a Wilton 650P to fit a Wilton 450P instead. The original design was intended to be printed in TPU but this one was modified to be able to be printed and still fit when printed from a rigid material such as PLA or PETG.

This remix is based on
