## Summary

This small accessory blocks the opening to prevent insects from entering

[Household](#) > [Kitchen](#)

Tags: [can](#) [thingiverse](#) [insect](#) [insectproof](#)

Ce petit accessoire se place sous la languette d'une canette ouverte. En le faisant pivoter, bouche l'ouverture pour éviter qu'un insecte puisse entrer.

**Cela ne permet pas de rendre la canette étanche !**

This small accessory is placed under the tab of an open can. By rotating it, it blocks the opening to prevent insects from entering.

**However, this does not make the can completely waterproof!**
