Tissue Box Cover in the Style of Mario Question Mark Block. This is designed to go over a store bought tissue box so there's no bottom.

Files include a split question mark for easier printing. Print the Box and Question Marks separately and then glue them together.

There are also Complete versions for printing and painting or using a multi-material printer. The Complete files have full length 45 degree angles on the question marks to make it easier to print.

Pictured print:

- Printer: Ender 3 S1
- Nozzle: 0.4 mm
- Layer Height: 0.2 mm
- Supports: No

Filaments:

- Yellow: HATCHBOX Yellow PLA
- White: OVERTURE Matte White PLA

Model files

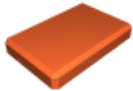

complete-question-mark-tissue-box.stl

☐ For painting or multi-material printers

base-question-mark-box.stl

☐ For use with the separated Question Marks

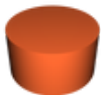

question-mark-dot.stl

☐ For use with the separated Base Box

question-mark-top.stl

☐ For use with the separated Base Box

galaxy-style-corner-dot.stl

☐ Dots so the corners can be in the style of Super Mario Galaxy
