Cover up that boring lighter!

Always have a flame on hand made from Dragon Scales or Mermaid Skin!

The fit is very snug so that the lighter will not fall out. There is a hole in the bottom to help remove the lighter when it's time to change it. While printing you may want to pause and add your keychain or jump ring, or you can twist them on later.

[& Hypno! Pro Tip:](#)

Remove the label on the lighter with a blow dryer or heat gun to make it easier to insert and so that the label won't get shredded while inserting it into the case.

Note: This fits a standard Bic lighter without a plastic, shrink wrap design.

Print Settings:

Layers: 0.2mm

Walls: 3-4

Infill: 5%

Speed: slow it down to make the outer surface clean and reduce ringing on the pattern edges
