UPDATE: July 20th-Deleted the need for the nyloc locknuts. The screws now just screw straight into the plastic.

Tough and compact utility case that is water resistant and dust proof when used with the TPU seal. If printing the seal, make sure you set the print settings to two perimeters and zero infill and when placing in the groove of the case, place the flat side of the seal up towards the lid.

American Flag motif top can be found here: <https://www.printables.com/model/531579-penguin-utility-case-american-flag-motif-mmu-top>

Dragon motif MMU top can be found here: <https://www.printables.com/model/503827-penguin-utility-case-dragon-motif-mmu-top>

Butterfly motif MMU top can be found here: <https://www.printables.com/model/504306-penguin-utility-case-butterfly-motif-mmu-top>

Star Trek Utility Space Case MMU can be found here: <https://www.printables.com/model/504872-star-trek-utility-space-case-mmu>

Print the clips with PETG @100% infill.

External size W130mm L120mm H52mm

Internal size W111mm L77mm H46mm

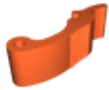

You'll need;

6 M3x25mm fasteners

No supports are required.

Happy printing.
