Here is the companion bayonet to the Lucius Pattern Lasgun No.98 Full Size Prop

<https://www.thingiverse.com/thing:6089764>

If you downloaded the Lasgun, you do not need to download the keys. If not, I included a set in this design.

All parts print as imported, without supports. A word about safety, this thing is pointy and spikey. If you are going to print the spike as cosplay prop - it prints very nicely in TPU.

### Print Settings

**Printer Brand:**

Prusa

**Printer:**

I3 MK3S

**Rafts:**

No

**Supports:**

No

**Resolution:**

.02 or .03

**Infill:**

10%

**Filament:** N/A PLA for ring, TPU for spike N/A

Category: Props
