Wanted a simple adapter to get my cable chain to work with my printer, using Klinger's version as a base I extended it a bit to get a slighter stronger mount and gave added extra mounting points for the cable chain. You should be able to fit 3 chains to the top link and use the adjusted link cover to cover wires at the top.

Cable chain I used was: <https://www.thingiverse.com/thing:2920060>
