updated 29. 6. 2023 | published 29. 6. 2023

Summary

I improved this great design by adding a lip to the strap loop as suggested by a commenter which helps retain the holder

Tags: [googles](#) [dji](#) [holder](#) [v2](#) [battery](#)

I improved this great design by adding a lip to the strap loop as suggested by a commenter, so the battery is retained on the band more securely, useful when removed from head.
