Summary

A reversible remix of the Aurora handle and spool holder for Kingroon KP3S Pro and S1.

[3D Printers](#) > [Accessories](#)

Tags: [aurora](#) [holder](#) [handle](#) [kp3s](#) [pro](#) [spool](#) [kingroon](#)

This is a Remix of the Aurora handle and spool holder for Kingroon KP3S Pro and S1.

This version can mount spools of maximum 85cm depth, and can be mounted to have the spool both on top of the printer and left-rear side to use the filament rounout sensor.

Check photos.

This version has also stronger screw holes, in this version you have to use M4x15mm screws.

It's 185mm high so you can print on KP3S Pro and S1.

I printed in yellow eSun PLA+.

No support needed.

This remix is based on

Kingroon KP3S Pro / KP3S Pro / KP3S Pro S1 handle and spool holder
