Summary

This cable inlet is intended for use with the Create Wind Large ceiling fan.

[Household](#) > [Other House Equipment](#)

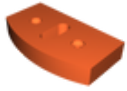

Tags: [ceiling](#) [adapter](#) [inlet](#) [create](#) [cable](#) [fan](#)

This cable inlet is designed for the Create Wind Large ceiling fan. To install it correctly, place the ring between the canopy and the ceiling. Additionally, use the spacers between the fan mounting bracket and the ceiling to adjust for the offset caused by the cable inlet. The hole is 8mm wide.
