updated 10. 7. 2023 | published 10. 7. 2023

### Summary

I needed some new bosses for an old cabinet so I made this one.

1.32 hrs

1 pcs

0.30 mm

0.60 mm

PLA

33 g

Prusa MINI /  
MINI+

handle

griff

There is nothing special about printing this model. I used PETG and PLA, both are fine. Make sure your bed is clean, otherwise you will have bonding problems.

Holds with a screw from the backside, as usual. Does not need supports.
