Airfreshener EU Socket Holder

Want to mount your airspray to a wall but do not want to drill holes?

This gadget allows you to mount the spray in any socket for better spraying area. Fits traditional EU type E socket with a grounding pin, but could also fit one without it!

TIPS-No supports needed, all in one print

Printed at 0.25mm with 0.4mm extruder, holds very well. If needed, you can wrap some duct tape to better fit in your power socket and avoid it falling.

You can also edit the pins to your need, so they fit every airfreshener.

Uploading your make would be fabuluos, Thank you!

Model files

pin.stl

☐ A longer pin, if your airfreshener has a bottom hole, recommended

socket_holder_eu.stl

☐ A socket holder with the required main pin
