### Summary

replacement part for most Volvo gas caps

[Hobby & Makers](#) > [Automotive](#)

Tags: [gasoline](#)

a direct replacement for the worn out, broken gas cap leash on my 2002 V70.

See photo; original part is in black

Printed in TPU at 0.2 layer height. no brim or support.

Remove the old part by pushing out the two small pins located on the rotating ring of the cap, and pull out the old part. Insert the new part and slip the pins back in (or, as I did use a thin wire).
