Summary

A link cover with a clip for join motor cables with the main cable.

[3D Printers](#) > [3D Printers - Upgrades](#)

Tags: [cablemanagement](#) [cablechain](#) [chain](#) [ender3](#)
[cableguide](#)

I printed the cable chain for my Ender3 and I noticed that it was not enough for both cables. So I remixed the link, adding a clip for join the motor cable.

Printing

- no supports needed
- 20% infill at least
- 0.2 mm layer height

How to use

Instead use the original link cover, use this on the cable chain.

Compatible with cable chains created by [johnniewhiskey](#) available in <https://www.thingiverse.com/thing:2920060>

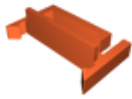

This remix is based on
