

M19 Landmine Wall Clock

THE NOG

Summary

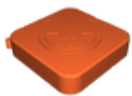

Inspired by half a minute of a show, I spent too much time to put a land mine on a wall.

Going to be honest, this probably needs either a lot of work or a lot of hand fitting. It's already pre-sectioned for printing on a Bambu Lab X1, but if you want it to be solid and look good you'll need to put in a lot of epoxy, bondo, sanding, and painting.
