This is a multipart version can can be printed more easily but also bigger.

You print the Base, Statue, Flames and the Crown separately and glue them together afterwards. The crown can also be easily be repaired with the separate file.

Both the STL and the 3mf files are included.

I have printed with the following materials:

- Base - Marble PLA
- Statue - Silk Rainbow PLA
- Crown - Silk Rainbow PLA
- Flame - Silk Gold PLA

Printed at 0.2 layer height and 3 layers perimeter and lightning infill
