Summary

Spare metal clip for Thule roof rack adapter for Suzuki Baleno

[Hobby & Makers](#) > [Automotive](#)

I lost one of the metal clips for the roof rack fixpoints for my Suzuki Baleno.

The metal clip is part of Thule Kit 183156 for Thule Rapid System 753 platform and Wingbar EVO rails.

Modeled as a 1-to-1 replacement, printed in titanium just for the fun of it.

The top metal clip is the 3d printed one, the lower one is the original.
