Summary

Flat surface mounting option for the ThirdReality Temperature and Humidity sensor.

[Art & Design](#) > [Wall-mounted](#)

Tags: [thirdreality](#) [temperaturehumiditysensor](#)

Flat surface mounting option for the ThirdReality Temperature and Humidity sensor.

You can use 3M VHB tape or command strips to attach the mount to a wall or other flat surface.

Using these mounts means that you don't have to attach 3M VHB tape or command strips to the actual sensor.
