Summary

simple case for a generic IP camera

[Gadgets](#) > [Photo & Video](#)

I couldn't find a simple camera case for an IP POE camera I had, so I put together a simple box that snap fits. Has a cutout to fit the wire through the back. Also added cooling holes since I notice this camera gets warm.

Lens hole diameter is 15mm and interior box is 40x40x33 (the camera I have is about 38x38x31)

Printed no supports on Bambu x1c 0.6 nozzle 0.18 layer height 3 wall loops with hatchbox PLA.

This was the camera: https://www.amazon.com/gp/product/B088BN2GRY/ref=ppx_yo_dt_b_search_asin_title?ie=UTF8&psc=1
