[sockettray](#)

A small tray designed to hold my Kincrome K2940 1/4" ratchet, sockets (4, 5, 6, 7, 8, 9, 10, 11, 12 and 13mm), and a 75mm extension bar.

I printed this in PLA on an Ender 5 at 80mm/s max, using 0.3mm layer height and a 0.4mm nozzle.
