This is a filament painting of a wolf in front of a moon.

It was made by using Midjourney, using the imagine of “wolf, moon, risograph, black, gray, white --q 2 --ar 1:2”. The image was modified a bit to make the background transparent. It was then put into HueForge and printed out.

Attached is the zip file with the HueForge Project.

Uses a 0.4mm nozzle.

Print at 100% infill with a layer height of 0.08mm with a base layer of 0.16mm
