Summary

This gravity spool holder is for me the best spoolholder for Prusa MMU2S system.

This gravity spool holder is for me the best spoolholder for Prusa MMU2S system.

I just tried to improved it with a new clip which allow to secure the spool holder on the shelf. Now, the spool holders cannot move and slip during the print

Print instructions

My recommendations :
0.2mm
infill 15% gyroid
No support required
PETG or PLA
