updated 6. 10. 2023 | published 6. 10. 2023

### Summary

Needed for my specific requirment. A BMG geared Sherpa layout extruder with NEMA 17.

[3D Printers](#) > [Other Printer Parts & Upgrades](#)

Tags: [adapter](#) [nema17](#) [hextrudort](#) [sherpamini](#) [vorxtrudort](#)

Mostly made to work with [VorxtrudORT](#).

4wall line, 40+%infill, 6 bottom top solid layer

Rest all the BOM can be the same. Only need three extra M3x12 bolts for motor mounting that is it.

Cheers.

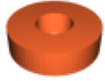

Similar to Sherpa Heavy, but do not require the special pinion gear NEMA17.
