The mount I ordered from Amazon never arrived so I had to roll my own: An unholy crossbreed of <https://www.thingiverse.com/thing:2822192> and <https://www.printables.com/model/80232-camera-utility-shoe-mounts> to accommodate SmallRigs camera screws.

This mount could work for other camera models, but I haven't tried it.

Update 2023-07-06: Uploaded a slimmer V2 version
