Modelo lo mas similar que pude a la original, sirve para mi mitsubishi colt GLX 1995 pero seguramente funcione tambien en Lancer y algunos modelos más. Fotos comparativas con la original (rota) aunque la impresa es una version anterior al modelo que subi, donde corriji algunos errores.

Para que sirva para ambos lados, hace falta espejarla en cura o el slicer que se utilice !

Model as similar as I could to the original, it works for my 1995 mitsubishi colt GLX but it probably also works on Lancer and some other models. Comparative photos with the original (broken) although the printed one is a version prior to the model that I uploaded, where I corrected some errors.

So that it works for both sides, you need to mirror in Cura or the slicer that is used!
