updated 2. 7. 2024 | published 2. 7. 2024

Summary

Converts an AA battery to C cell size. Sturdy and quick to print.

[Household](#) > [Other House Equipment](#)

Tags: [battery](#) [aabattery](#) [batteryadapter](#) [ccell](#)

Print in Vase or Spiralize mode with a **0.8mm extrusion width**.

Prints well using a standard 0.4mm nozzle. Just be sure to set your extrusion width to 0.8mm

Check this one out, if you're looking for a [AA to D cell adapter](#).
