### Summary

First attempt at a model. Custom jail for my teenager's phone. Keeps him from staying up too late on school nights.

Definitely run through prusa slicer. Peg and "jail cell" can be separated and printed individually if you'd prefer. Peg designed to accommodate 2 master locks with a 3/8"(9.something mm) shackle.

I run on enders and CRs, so 220c hot end and 62c bed
