Summary

Hexagon pod holder to clean up counter space. Print multiple and stack them together!

[Household](#) > [Kitchen](#)

Tags: [nespressovertuo](#) [nespressoholder](#) [coffee](#) [nespresso](#)
[nespressocapsules](#) [coffeemachine](#)

Designed to be wall mounted but not necessary (I used command strips). Pods are tension fit in and easy to remove. Providing STEP file incase you need to make changes. This is my first time working in OnShape so feedback is welcome!

Please post your makes! You get prusameters and it shows me I did something good!
