17-Pc. Metric Tap & Die Set Organizer.

Usually the tap and die kits came without reusable containers.

This compact model works with most of the commercial 17-pc metric kits. The tap, die and corresponding drill bit for each set are aligned for easy selection and storage.

It is a model inspired by an existent one from "tom7" found on Thingiverse (link: <https://www.thingiverse.com/tom7/designs>)

Print instructions

Easy to print!

Layer height: .3mm (DRAFT)

Infill: 15%
