updated 2. 7. 2023 | published 2. 7. 2023

Summary

A cable box that fits under a Mayflower Ark MK II DAC/AMP.

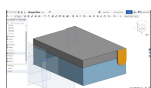

[3D Printers](#) > [Accessories](#)

This is a cable box I “made” fitting the Mayflower Ark MK II dac/amp on top.

It can fit the expanse cable of a headphone inside, tidying up the workspace.

Its a modification of a hinged box I found a tutorial about on youtube, its linked here.

This remix is based on

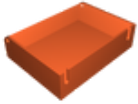

Hinged Box Tutorial 1
