Tags: [holder](#) [froggit](#) [glueable](#)

This is a universal glueable holder that has a mounting option for an up to 25mm x 25mm double sided adhesive pad. It was originally designed for a Froggit F007TH temperature sensor. However, it can be used for all objects with maximum dimensions of 45mm width and x 20mm height. Also, several of these holders can be used in series to attach longer objects.
