A simple clip-on holder for an 1ZPRESSO cleaning brush.

The magnet is sized 3 x 4 x 10 mm - rather specific, but that was what I had laying around. Snug fit, no glue needed. Feel free to remix to match to your magnet or brush. The Brush has a diameter of 10 mm.

Print in the filament of your choice, I used clear PETG. Layer height 0.2 mm, no supports.

Clip to the side of your coffee tin and you're good to go. Clips in place with a satisfying click. :)
