Summary

Phone/Tablet Charging Station Tablet/Smartphone Ladestation

[Household](#) > [Living Room](#)

Inspired by the stylish design of the Model of HB9DQM Grooved three phone charge stand/dock for Anker PowerPort Atom III I remodeled it to my requirements.

I use it with the original USB C charging cables for my devices, which are fed through the opening on the side.

the model is easy to print and requires no supports.

I used a 0.6 nozzle with 0.3 layer height and 20 % infill
