Summary

A Maid Marine designed by Chumi, modeled by myself. My attempt at turning a model into a printable mini.

I am releasing an SLT of the Maid Marine Chumi (twitter.com/ChumiiCham) designed. I originally modeled this Maid Marine for fun, but I got many requests to release this as an STL. So here is my attempt. If y'all have any feedback, please let me know and I'll try to fix it. Feel free to take this file and remix or fix it yourself. If you post it again, just cite Chumi and myself.

WARNING

This is my first time making a printable mini. I tried to watch some tutorials and tried my best lol. Most likely you will need to do some work on your end to make this printable. I can't guarantee this will print, because I haven't printed it myself.
