Just another take on a phone mount for your car or truck. I made this for the Samsung s20 FE, and a case. It is a rather large phone, so it could accommodate various other phones as well. Internal dimensions are roughly 6.5" x 2"

External dimensions are roughly 7" x 2.5"

I made it in two parts, so when I get a new phone, I only have to print 1 piece. This mounts into the cd player of your vehicle, without activating the cd player. (You cannot use the cd player while this is installed)
