Summary

Customizable version of the Honeycomb Storage Wall that allows creation of custom grid sizes and irregular shapes.

update v2.1: See <https://www.printables.com/model/380870-customizable-honeycomb-storage-wall-openscad/comments/807006> for more info about the fix.

I also configured the default size to be a 10 x 10 grid that fits a Bambulabs printer.

update v2.2: Tried to fix prusa slicer errors, according to this comment: <https://www.printables.com/model/530149-customizable-honeycomb-storage-wall-openscad-v21-b/comments/1538988>
