### Summary

Handle for Ender 3 v2 original y-carriage with mounting holes for Mellow Fly's ADXL345

[3D Printers](#) > [Accessories](#)

Tags: [bedhandle](#) [mellowfly](#) [ender3v2](#) [adxl345mount](#)

I've remixed Zuff's 3D model to fit the Ender 3 v2 original y-carriage. Additional changes includes shifting the mounting holes (self-tapping) for Mellow Fly's ADXL345 (<https://www.aliexpress.com/i/1005005486458306.html?gatewayAdapt=Msite2Pc>) to the bottom side of the handle and adding Creality's logo on the top side of the handle. I've printed this with PLA+ and fits perfectly.

### This remix is based on

**ENDER 3, V2, S1, S1 PRO, HANDLE FOR Y CARRIAGE GULFCOAST, ACCELEROMETER**

by Zuff
