updated 30. 7. 2023 | published 30. 7. 2023

Summary

Just a remix of this bracket to remove the cable route around the leg.

I needed a brace for the lower legs on my Ikea Lack Enclosure project and liked the size of Mullcom's remix over the original by Tico. But, I liked the fit of the original better, since it didn't have the chamfer cut out near the leg for routing wires and such. So, time to spin a remix.

This remix is based on

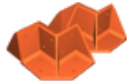

Enclosure - Ikea lack support bracket

by Mullcom
