Summary

Cockpit blind cover for Mercedes vehicles

[Hobby & Makers](#) > [Automotive](#)

Tags: [car](#) [plug](#) [console](#) [cover](#) [truck](#) [mercedes](#)
[automotive](#) [dashboard](#)

I have made this cover as replacement for a mercedes truck ("Atego" 2006).

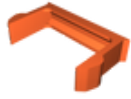

Why two parts: To create better stability of the 'Blindabdeckung-Feder', with two parts it is possible to print it horizontally and without support.

It is highly recommended to use a filament (like ABS or ASA) that is suitable for higher temperature.

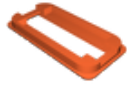

Dimensions: ca. 44mm/22mm/22mm

Weight: ca. 3.3 g
