Introducing the Lego-Inspired Road Block Set, where the sandbox becomes a bustling city of creativity and exploration. This 3D-printable set features four distinct road block pieces, including straight roads, curved roads, T-junctions, and intersections, designed to stimulate young minds and unlock a world of imaginative play.

Key Features:

Endless Road Configurations: With four road block pieces to choose from, children can construct an array of roads, highways, and cityscapes, paving the way for exciting sand-based adventures.

Lego-Inspired Design: Modeled after classic Lego road baseplates, these road blocks complement existing Lego sets, encouraging seamless integration and expanding play possibilities.

Promote Cooperative Play: The road block set fosters collaboration as children work together to design and build intricate sand road networks, enhancing social skills and communication.

Safe and Durable: Made from child-friendly materials, the road blocks are durable and safe for hours of creative play. Their robust design ensures resistance to wear and tear.

Versatile Sandbox Accessory: Combine the road blocks with other sand play elements, such as toy cars, buildings, and figurines, to create vibrant sandbox landscapes teeming with action.

Printing Instructions:

Printer Compatibility: The Lego-Inspired Road Block Set is compatible with most FDM/FFF 3D printers with a minimum build volume of 200mm x 200mm (adjust dimensions based on the desired size of the road blocks).

Print Settings: Recommended layer height: 0.2mm, infill: 0% and all walls. Supports are unfortunately needed for these road blocks.

Assembly: After printing, gently clean any support structures (if any) and start constructing your Lego-inspired road network. Combine the straight, curved, T-junction, and intersection road blocks to build dynamic sand-based landscapes.

Construct Your Sand City!

The Lego-Inspired Road Block Set unleashes the boundless creativity of young builders as they pave the way for imaginative sandbox adventures. Whether building bustling city streets, winding country roads, or busy intersections, these road blocks inspire young minds to explore, discover, and create endless stories in the sand. Combine with other sand play elements and watch their imaginative landscapes come to life. Get ready to embark on road-tripping escapades with the Lego-Inspired Road Block Set, where the sandbox transforms into a world of limitless possibilities!
