## Summary

Using parts fom Wooden Battle Robot Kits, I created this LEGO Mashup.

[Hobby & Makers](#) > [RC & Robotics](#)

Tags: [battlebot](#) [spinner](#) [tombstone](#)

Using parts from Saw Ray, a wooden battle bot Kit, I bought ffrom Bristol Bot Builders, I created lego adapters. So my kid can build and rebuild his Battlebot, however he likes.

The weapon-element, is a print in place spinning element. You might have to wiggle it a little till it moves. I used a bit of Spray-on Lubricant. Works perfectly.

There are several places, where you can source the kits:
