### Summary

Wall Bracket for the Eaton 3S Mini UPS. Model: 3SM36/3SM36B

[Household](#) > [Office](#)

Wall mount for the Eaton 3S Mini UPS.

I used regular countersunk screws in upper holes (4.5mm).

All holes are spaced at 60.3mm which is UK 1Gang Socket screw spacing, which allows mounting to a wall box (use the lower holes which are slightly smaller; 3.75mm, for M3.5 fasteners)

UPS doesn't appear to get warm, so i've printed mine in PLA.
