updated 30. 7. 2023 | published 30. 7. 2023

Summary

Roll this over sand to create detailed models. Warning: Not Mine, I changed it a bit to make it smoother to the touch.

[Art & Design](#) > [Sculptures](#)

Print the roller so it stands up tall, it makes it much more detailed.

The original can be found on Thingiverse, by looking up sand.

This remix is based on

Sand Pattern Rollers
