### Summary

Insert for the HSW knife holder by Rock2k11

[Hobby & Makers](#) > [Organizers](#)

Tags: [holder](#) [hsw](#) [utilityknife](#)

I needed a holder for a utility knife, and instead of designing my own, I designed an insert which can be placed inside the holder designed by Rock2k11.

The insert has a bit of spring to it, so it holds the knife more securely.

It's designed for a cutter with a 5.5 mm tip (in my case an Olfa utility knife).
