Summary

AA (and AAA) battery dispenser for pegboard with french cleat system

[Hobby & Makers](#) > [Organizers](#)

Tags: [aabattery](#) [dispenser](#) [pegboard](#)

The french cleats can be glued to the back of the battery dispenser, but it also works like a proper cleat, so that you can remove the battery dispenser from the pegboard. It can stand on it's own as well. Although it is designed for AA batteries, I also store AAA's in the frontmost compartment.
