Summary

Simple desiccant bead container to fit into spools. Screw top for security, and funnel to ease adding beads.

[3D Printers](#) > [Accessories](#)Tags: [desiccant](#) [desiccantcontainer](#) [desiccantholder](#)

Yes, another in spool desiccant container. Plenty of others out there, I just like to make my own sometimes. Screw top for security, and screw in funnel to make things easier.

- 65mm tall
- 50mm diameter (for the lid, the body is ~47
- Openings are 1.25mm wide

I printed in PLA with:

- 0 infill
- no support
- no brim
- .3 layer height
- .6 nozzle

Your milage may vary.
