Edit: I am going to leave this up for the sake of preservation, but please don't print this model, it kind of sucks. Use this one instead: <https://www.printables.com/model/218470-spray-paint-can-holder/files>

This is not my model at all. I am putting it here to preserve it on a platform that isn't dying. The original creator only had this model uploaded on their page and I could not find them on printables. If you want me to remove this, please let me know. Out of all the can holders online, this is the best one I found for my needs.
