### Summary

Makes it easy to travel with earrings and keeps them organized

[Fashion](#) > [Other Fashion Accessories](#)

Tags: [earring](#) [earingsholder](#)

This is a Earing Travel Case, it is designed to have one earring per Section so they dont bump into eachother.

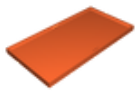

Printing:

You have to print the Box Inserts 2 times at 99% Scale for a perfect fit. You need the Box\_Top and Box\_Bottom only once.

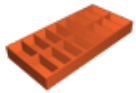

The Insert Boxes should just slide into the Box\_Bottom (you stack them) and the Box\_Top should just clip onto the Box.

I printed it in Prusament Jet Black PLA, but you could use any other Color or Filament Type.
