[accessory](#) [connector](#) [adapter](#)

Made to fit a 40mm OD vacuum hose, which threads in quite snugly. If it is too snug, use the Offset Face feature in Fusion 360 on the inside of the thread/coil. STEP file is found below.

Note that these hoses have a reversed thread so you have to turn them the “wrong” way.

This remix is based on

SHOPVAC (50mm) CAMLOCK CONNECTORS WITH MAGNETIC CATCH
